About Rita Mulcahy

Rita founded RMC in 1991 as a project management training company. In her years as a trainer and consultant, Rita met many people struggling to grasp project management concepts and pass the PMP exam. Always eager to help, Rita decided to create her own study guide for the PMP exam. In one week, she finished the first draft of her famous book, Rita Mulcahy's PMP® Exam Prep, which quickly became a best seller. Her book is now the worldwide industry standard for PMP exam preparation.

Rita was an internationally recognized expert on project management techniques, advanced project management theory, and the certifications of risk and project management. She worked on over \$2.5 billion worth of projects over the course of her career. Rita often spoke to thousands of executives and project managers in standing room only crowds and presented several encore presentations at Project Management Institute conferences.

Rita saw things not as they were, but how they could be. Her unique talent and unwavering dedication made her a transcendent project manager. She taught us to challenge ourselves, always have fun, and create a better world. After a long battle with breast cancer, Rita passed away in 2010. To this day, RMC continues Rita's mission creating innovative training solutions to help people learn new skills and advance their careers.
